## INTRODUCTION

The idea for this index first came about as a result of Ms. Drew's work at the Denver Public Library Genealogy Division. That library has certain indexes and materials which are invaluable to genealogical researchers. Our newly begun library had a fair amount to offer researchers; however, there was little for those who were researching their local "roots". Very little had been published, and that situation has still changed very little, though it is improving.

On her return to the Albuquerque Public Library Special Collections Branch, Ms. Drew considered what information would be most useful to those people doing local research. One of the best sources of genealogical information is, of course, the local newspaper, but there is rarely an index to those records. Therefore, she decided to create one.

A form was developed to cover the major vital records which normally appear in the newspaper - births, deaths, marriages, and anniversaries. This would be an index to the principals in the article and would cover only those persons of either New Mexican origins or who participated in one of these events in New Mexico. In other words, an accident occurring in Texas or New York would be indexed ONLY for those persons of New Mexico origin or residence. A marriage of a Coloradoan and a Californian, married in New Mexico and reported in the newspaper, WOULD be indexed here. In the year here, many military airplane accidents occurred and all the parties on board were from out of state, but they are included in this index.

The Albuquerque Journal contains a great deal of information about events all over the state of New Mexico, since it is the largest newspaper in the state. This index can be useful for many events which occurred outside of Albuquerque. Be alert when searching as often a subject appeared in more than one article on a page. We attempted to show that by using "(x2)" to indicate "two times on that page".

At this time, the Albuquerque/Bernalillo County Library System has the Albuquerque Morning Journal, Albuquerque Journal, and Albuquerque Tribune available on microfilm from approximately 1882 to the present. Some early issues are missing. Photocopies of a particular record may be obtained from these microfilm copies at the Main Albuquerque Public Library. The Special Collections Branch of the Albuquerque Public Library has only information for territorial years (prior to 1912.)

The series, of which this volume is a part, are to cover the early and boom years of Albuquerque and some of the state

of New Mexico area to approximately 1950. After that time, most birth, death, and marriage records are available from the New Mexico Vital Records Center in Santa Fe, New Mexico. We will continue to index the obituaries because this is a popular resource; however, the rapid growth of Albuquerque, and New Mexico, precludes indexing on as expansive a scale as has been previously possible.

We hope that you will find this index easily usable and filled with relatives for whom you have been searching.

#### FORMAT

The format of this index is quite simple. Names are given alphabetically by surname. It is compiled on an annual basis. This does mean that users will need to check each year, ESPECIALLY if some event occurred towards the latter months of the year. Many events carried over to the following year. The legend is followed by the date and page or pages on which an article appeared.

#### LEGEND

B = Birth  
M = Marriage  
A = Anniversary  
D = Death  
(x2) = Two items on the page.

Happy Searching
